

ADS Speakers

**Architecturally
Designed Speakers**

**High performance
audiophile quality
in-wall/in-ceiling
speakers**

ADS speakers flush mount either into the wall or ceiling providing audiophile quality home theatre and multi-room audio without sacrificing valuable floor or shelf space. Featuring a one piece narrow bezel grille, which is paintable, they will fit-in with any decor.

"The sound depth, warmth and clarity matched with a quick response, make these audiophile quality speakers truly amazing."

- Eliminate cumbersome floor standing speakers or small satellite speakers
- Dynamic balance with directional tweeters direct high frequencies providing excellent directional clarity and well-balanced sound
- A wide-dispersion design ensures coverage across small and large rooms from the 6.5 inch cone and up to 120w power input
- Durable materials and rubber driver surround provide trouble-free performance
- ADS speakers are manufactured by the world's largest speaker manufacturer to Nexos' exacting specifications
